Bilingual  
Event

HOW TO CONCILIATE SOCIAL INNOVATION WITH A SUSTAINABLE ECONOMIC MODEL ?

**5<sup>TH</sup> & 6<sup>TH</sup>**

**NOVEMBER 2019**

**PARIS &  
MOUSSY-LE-NEUF**  
(ÎLE-DE-FRANCE)

## ABOUT THE EUROPEAN PROJECT

# IMAGINE

**IMAGINE** (Inclusive Market Agriculture Incubator in North-west Europe) aims to tackle youth unemployment by providing sustainable job prospects in the horticulture sector, more specifically for young people (15-34 years old) who are NEET – Not in Education, Employment or Training - in urban and peri-urban areas of North-West Europe.

In these places, horticulture, urban agriculture and short food supply chains are growing rapidly and require considerable low-skilled labour. However, job entry rates post-training are currently only 20%.

Indeed, significant barriers remain, including lack of access to land and weak NEETs empowerment.

Local organisations can help to overcome these issues by facilitating free access to their vacant land and by involving young people using an innovative co-production methodology.

IMAGINE will therefore support the development, testing and implementation of different social incubation models (access to land and support) for young people in urban and peri-urban horticulture on the outskirts of London, in central Belgium, in Paris, in the Grand Duchy of Luxembourg and in Eindhoven.

The objective is to create a transnational network of those working on social innovation issues in urban and peri-urban horticulture to ensure long-term results and help other organisations to replicate the model. The transnational approach is necessary to build on diverse experiences in different contexts.

**We are honored to invite you to the launch and presentation event of this program, which will be held on :**

**November, 5<sup>th</sup> & 6<sup>th</sup> 2019  
in PARIS and MOUSSY-LE-NEUF  
(Ile-de-France)**

**REGISTRATION AT**
